THE TRUE ROAD TO WEALTH, IS TO ADVERTISE YOUR BUSINESS. TERMS, PAY IN ADVANCE.

Lost—We call attention to the notice of Elizabeth Kennedy's, who lost her pocket book on last Saturday in our town or between town and John Millers. Any person finding can leave it at our office, or at her residence. Mrs. Kennedy is a soldier's widow, and she had drawn her pension money on last week, and she lost all her money except a few dollars she had expended. We hope the finder is honest enough to return the pocket book and contents for the \$10 reward at least.

THE MAN WHO STOLE A meat barrel from the front of our door that our wife placed under the spout to catch rain water in, is respectfully informed that it will in all probability spoil his crout. It was not fit for a crout barrel, because it had stinking beef in it a summer. It is not our fault if your crout is spoiled, you should have inquired.

1. DIARRHEA AND DYSENTERY

—We have examined a great number of others from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhea and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable for the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhea and dysentery.

Another says he was discharged from the United States service after suffering in the hospital for 8 months as incurable, and as a last resource tried Strickland's Anti-Cholera Mixture he got well directly and has now entered the army again in good health.—One man writes he has cured seven or eight very bad cases of diarrhea and dysentery in the barracks he was in with one bottle of this valuable medicine. In fact we could fill half our paper with similar items from these letters. Why does not our Government secure this valuable preparation.—Our army ought to be supplied with it. It is but a short time since one of our men laid in a very low condition at one of our Cincinnati Hospitals, his wife was sent for, the doctors considered his case hopeless case. She, however, gave him Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a bottle of it in their knapsacks, it may save them or some of their comrades. It is for sale by Druggists at 50 cents per bottle.

DAN WILL.

U.S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes payable three years from Aug 15th, 1864, with semi annual interest at the rate of seven and three-tenths per cent per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from date, as the Government may elect. They will be issued in denominations \$50, \$100, \$500, \$1,000 and \$5,000 and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owner free of transportation charges, as soon after the receipt of the Original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15th persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposit.

SPECIAL ADVANTAGES OF THIS LOAN.

It is a NATIONAL SAVING BANK, offering a higher rate of interest than any other, and the best security. Any saving bank which pay its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better for its own assets are either in government paper.

It is equally convenient and temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collateral for discounts.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this price of conversion is now worth about three per cent. on each per annum, for the current rate for 5-20 Bonds is not less than NINE PER CENT. PREMIUM, and before the war the premium on six per cent U. S. stocks was over twenty per cent. It will be seen that the actual profit on the loan, at the market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in bank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, on several Assistant Treasurers and designated Depositories, and by the

First National Bank of Cincinnati and by all National Banks which are depositories of public money, and

ALL RESPECTABLE BANKS AND BANKERS

throughout the country will give further information and
